BOOK FAIR
The library is holding a Book Fair on Thursday 31st July, opening at 8.30am.

The theme for this Book Fair is “Catch the Reading Bug” and we certainly hope it is contagious. We will have a large range of books for sale and the ability to reorder stock if needed. Parents are welcome to make purchases with their child before or after school.

The students may have brought home a “wish list” with titles of books they have chosen to purchase. This is not an obligation to buy, it just gives you an idea of what they would like to read and the cost involved. There is an on-line option and a phone payment option on the back of this list or you can send in cash or cheque (made payable to the school). Parents may also like to make a purchase and donate it to the school library. All sales receive a free bookmark. There are also posters, pens, rubbers, pencils and sharpeners, etc for sale. The Library receives a commission from all sales so we hope you can support us.

Happy reading!

See you at the Book Fair.
Gail Hoade,
Librarian

HEAD LICE
Head lice are common in school-aged children and are the most adaptable of creatures. If you follow these steps, once a week, the control of head lice in your home will be greatly improved. Comb inexpensive hair conditioner on to dry, brushed (detangled) hair. This makes it difficult for lice to grip the hair or run around. Wipe the conditioner from the comb onto a paper towel or tissue. Look on the tissue and on the comb for lice and eggs. If lice or eggs are found, the child should be treated. If the child has been treated recently and only hatched eggs are found, you may not have to treat since the eggs could be from the old infection.

If your child has head lice – tell anyone who has had head to head contact with them and ask them to check their family for head lice.

When kids ask “the” questions . . .

Interrelate has the answers!

Interrelate’s high quality sexuality and relationship education program is coming to your school! With more than 85 years’ experience in this field, Interrelate has a reputation for providing excellence in sexuality and relationship education. Today over 41,000 students and family members participate in Interrelate school and family programs each year.

Many parents find it hard to discuss or answer questions relating to sexuality education . . . We know how to ‘help break the ice’. Interrelate programs are interactive, family focused and presented in the context of caring relationships. Our fully trained and experienced educators, who adhere to a strict code of ethics, conduct the program.

Session 1: “Where Did I Come From?”
1 hour – Years 3, 4, 5 & 6
In this session children are eager to learn more about how their bodies work and the differences between males and females. This session extends their understanding of conception, fertilisation, foetal development and the birth process.

Session 2: “Preparing for Puberty”
1 hour – Years 5 & 6
This session helps to prepare children and parents/caregivers for the physical, social and emotional changes associated with puberty. Changing emotions and relationships with families and peers are addressed. Information is also presented on menstruation and wet dreams.

You and your child will benefit from the information presented in this program. The feedback is overwhelmingly positive. What parents have said about us:
“The educator has a great way of putting things simply”
“Provided me with a solid foundation”
“Covered areas I hadn’t thought of talking about”
“Entertaining and informative”
